Alam mo ga?

Inside Club Balai Isabel, these weathered stones are all that remain of Tanauan's first stone church. Erected in the 17th century, the church witnessed centuries of devotion until the cataclysmic eruption of Taal Volcano forced its abandonment.

The town of Tanauan has since moved northeast, and the town of Talisay is now where it used to be.

Perfect spot for weddings!

LARO TAYO SA TAAL LAKE

The abundance of towering fruit-bearing trees and the resort's proximity to the lake creates a thriving ecosystem that attracts a diverse array of avian species.

We are a birding hotspot
